

## Initial Teaching Certification Programs (BAEd, MAT)

*This disclosure applies to the Bachelor of Arts in Education and Master of Art in Teaching degree programs.*

The initial teaching certification programs at Covenant College are designed to prepare students for certification in the state of Georgia and are approved by the Georgia Professional Standards Commission (GaPSC), 200 Piedmont Avenue SE, Suite 1716, West Tower, Atlanta, GA 30334-9032. Successful completion of one of Covenant's programs plus passing scores on related GaPSC-approved Content Pedagogy and GACE Content Assessments leads to eligibility for a Level 4 induction certification for BA elementary education completers and Level 5 induction certification for MAT completers.

Each state or territory regulatory body responsible for education dictates the requirements to obtain licensure or certification in that jurisdiction. Generally, the educational requirements are met when a student earns a degree from an accredited institution and passes associated tests or assessments. However, most jurisdictions require applicants already possess a license or certificate from the state where they completed their degree to be eligible. Additional conditions must often be met (e.g., a minimum GPA or specific professional development), and applications may require minimum scores on Praxis exams, background checks, etc. **Each state board, agency, or department has the ultimate authority and discretion to determine whether professional licensure or certification will be issued.**

The table below indicates, for each state or territory, whether Covenant's programs meet or do not meet the educational requirements for initial licensure or whether Covenant has been able to determine if the programs meet the state requirements. Please review the table below closely to determine if the programs meet the educational requirements in the state in which you reside or intend to seek licensure.
